

ELECTRIC PALLET TRUCKS From sinolift

Pallets are the common load carrier for all kinds of goods moved and transported in a worldwide supply chain. Pallet trucks are the universal tool to move pallets within production, warehouses, lorries up to the point of sale in shops, supermarkets, DIY markets or even to the end user. Depending on the type of pallet, the load and the application, different pallet trucks meet the need of every customer. At SINOLIFT we offer you the right electric pallet truck for sale to fit your operation.

Load capacity	Q	[kg]	1500
Load center	c	[mm]	600
Axle center to fork face	x	[mm]	950(880)
Service weight		[kg]	115
Tyre: SE=(superelastic), P=(pneumatic)			PU
Lift	h3	[mm]	115
Fork height, lowered	h13	[mm]	80
Overall length	l1	[mm]	1550
Length to fork face	l2	[mm]	400
Overall width	b1 / b2	[mm]	560/685
Fork dimensions s*e'l	s*e'l	[mm]	50*150*1150
Distance between fork- arms	b5	[mm]	560(685)
Aisle width, 800 x 1200 along forks	Ast	[mm]	2062
Turning radius	Wa	[mm]	1390
Travelling speed, with/without load		[km/h]	4/4.5
Lifting speed, with/without load		[m/s]	0.017/0.024
Lowering speed, with/without load		[m/s]	0.09/0.06
Max. gradeability, laden/ unladen	%		6/16
Drive motor rating S2 60min		[kw]	0.75
Lift motor rating at S3 10%		[kw]	0.5
Battery voltage, nominal capacity K5		[V/Ah]	24/20

Optional Equipments

24V30Ah lithium battery
Fork width: 685mm

$$Ast = Wa + \sqrt{(16-x)^2 + (\frac{b12}{2})^2} + a$$

Safety distance a=200mm

All specifications and figures are subject to change without notice for improvement, for further information, please contact with our sales office or local dealer.

SINOLIFT
For material handling

EPL153Z
ELECTRIC PALLET TRUCK WITH LITHIUM BATTERY
ISO9001
CE

Easy Lift, Easy Life!

The EPL153Z is an economic pedestrian pallet truck, is ideal solution for light application.

Today, labor costs are becoming more and more expensive, this entry-level electric pallet truck can save more cost. More safety in the climbing, bumpy road conditions.

- New plug-in lithium battery pallet truck.
- Ultimate small size.
- Frame metal forming with high-duty structure.
- Best alternative to the Hand Pallet Truck.

Electric Pallet Truck

CAPACITY 1500kg

EPL153Z

Safety

The EPL153Z features an effective parking brake to hold the truck safely on slopes or on lorry tail lifts. Electric lifting, manual step less lowering to ensure smooth unloading. Drive wheel is equipped with metal cover to protect foot.

Performance

The maintenance-free Lithium battery, built-in charger with standard plug, allowing for opportunity charger and fast change, seamless work efficiency. Big drive motor provides higher performance, max. climbing ability, with/without load, up to 6%/16%.

Comfort

The EPL153Z has been specially designed for light duty. All controls located on the ergonomic tiller. Glue-coated handle highly matching the touch of hands, paying more attention to the operator's feeling.

Reliability

Main components which have been verified by the market for many years, metal chassis and cover. They greatly improve the reliability of the whole truck. It will raise audible and visual alarm at low power level to ensure timely charging.

Service

All the performance parameters can be configured easily to match the requirements of the customer's application.

If you're looking to upgrade your manual hand jacks to an electric model to reduce operator strain and improve productivity, our EPL153Z is a great choice.

- The steel is thickened by 3.5mm, the fork is reinforced, not easy to bend and deform, solid and durable, and the bearing capacity is strengthened.
- Polyurethane casters are used before and after, suitable for various road surfaces such as cement, with good mute effect, wear and durability.
- High quality hydraulic oil pump with imported seals to prevent oil leakage.
- Emergency switch can be stopped with one button to ensure operator safety.

			
Lithium Battery 24V/20Ah	load capacity 1.5T	Traveling speed 4.5km/h	Turning radius 1390mm

Imported brand controller, more reliable system, faster response.

0.75Kw Big drive motor has a large power output and excellent grade ability 6%.

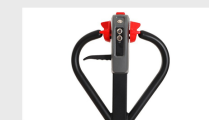

Battery indicator light, multi-level power display and audible and visual alarm, easy to manage the truck.

24V/20Ah Lithium battery, allowing for 2h fast and opportunity charging, without harmful gas emission, more flexible.

10A Built-in charger, with standard plug, can be charged anywhere.

The same length of the chassis as the manual pallet truck is only 1550 mm. The creep speed travelling in tiller upright, ensure the excellent maneuverability of the narrow space.
